

## Problem Statement:

To find the claimable insurance amount for the damaged vehicles

## Problem Solution:

A site which helps in getting insurance amount for damaged vehicles

## Brainstorming Session:

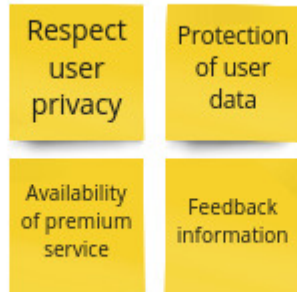

### Sanjay V

### Sanjay Preeth

### Sathish

### Dhivyesh

## Idea Grouping:

### User Side:

Easy  
claiming  
process

Feedback  
information

Availability of  
redirection to  
the respected  
insurance  
companies

### Management Side:

Low cost  
of  
service

Good  
UX

Less  
requirement  
of user  
information

Respect  
user  
privacy

Protection  
of user  
data

Good  
customer  
support

Availability  
of premium  
service

Good  
UI

Simple  
customer  
journey

### Role of AI:

Accurate  
Damage  
repair cost

Accurate  
damage  
identification

Assessment  
time taken  
should be  
less

Idea Prioritization :
